X International Siberian Early Career GeoScientists Conference

13-17 June 2022,
Novosibirsk

Second Circular

<http://sibconf2020.igm.nsc.ru/en>

OVERALL PROGRAM

13-14 June	15 June	16 June	17 June	18-24 June
Pre-Conference short courses*	The 10 th International Siberian Early Career GeoScientists Conference			Post-Conference fieldtrip excursions
	Opening Ceremony	Oral presentations	Oral presentations	✓ Geology, magmatism and metallogeny of Gorny Altai
	Oral presentations	Poster presentations	Closing Ceremony	✓ Shallow geophysical surveying in the IPGG SB RAS observatory

*Detailed information about the pre-conference short courses will be available on the conference [website](#).

PLANNED SESSIONS:

- Petrology
- Mineralogy
- Metallogeny, minerageny and ore genesis
- Geochemistry and geochronology
- Regional geology and tectonics
- Paleontology and stratigraphy
- Geomorphology and Quaternary Geology
- Geoecology, hydrogeology, engineering geology and environmental management
- Experimental mineralogy
- Geology and geochemistry of oil and gas
- Geophysical research methods
- Geomechanics, mining machines and technologies for the development of mineral deposits
- New information and geo-information technologies in geology

The list of sessions may be adjusted by the Organizing Committee depending on the materials received.

CONFERENCE LANGUAGE

The official language of the X International Siberian Early Career GeoScientists Conference is **English**. We kindly ask all participants to prepare abstracts, presentations, posters and oral presentations in English.

ORGANIZING COMMITTEE

Co-chairmen

Dr. Nikolai N. Kruk, Director of IGM SB RAS

Dr. Igor N. Yeltsov, Director of IPGG SB RAS

Dr. Valery A. Vernikovskiy, Academician of the RAS, Dean of the Department of Geology and Geophysics, NSU

Conference Secretariat

Maria O. Shapovalova (IGM SB RAS)

Elena O. Shaparenko (IGM SB RAS)

Ekaterina A. Ovdina (IGM SB RAS)

Venue

Sobolev Institute of Geology and Mineralogy SB RAS (IGM SB RAS)

Trofimuk Institute of Petroleum Geology and Geophysics SB RAS (IPGG SB RAS)

Novosibirsk State University (NSU)

Organizing committee address

3 Koptyug Av., Novosibirsk, Russia, 630090

Sobolev Institute of Geology and Mineralogy SB RAS

KEY DATES

1 March 2022 – Registration deadline.

20 March 2022 – Abstract submission and Field trips submission deadline.

10 April 2022 – Abstract acceptance confirmation.

20 April 2022 - Field trip payment deadline.

10 May 2022 – Provisional program of the conference.

13-24 June 2022 –X International Siberian Early Career GeoScientists Conference and Field trips.

REGISTRATION AND ABSTRACT SUBMISSION

To register, fill out [the google-form](#) till the **1th of March, 2022**. After a few days, check yourself on the [list of participants](#). Abstracts submission is available now. You can submit your thesis by filling out the [Abstract submission form](#). till the **20th of March, 2022**. All personal data and abstracts have to be submitted in English. Abstracts should correspond to the [template](#). Conference Proceedings in print and electronic form will be published according to the results of the conference. Please note that only one abstract can be submitted by one participant.

Participation in the conference is free, registration fees are charged only from the participants of field trip.

CULTURAL PROGRAM

During the conference, excursions will be organized to [the Central Siberian Geological Museum](#), [the Research and Education Center "Evolution of the Earth"](#), the Novosibirsk Zoo, and a sightseeing tour of Novosibirsk will also be held. The information about the Ice-breaking party and Gala Dinner will be available on the conference [website](#) soon.

TRAVEL AND VISA INFORMATION

Starting from the 1st of January 2015 citizens of most countries of the CIS that are not included in a Custom union (Azerbaijan, Moldova, Tajikistan, Turkmenistan, Uzbekistan) need a foreign passport (no visa required) to enter the Russian Federation. Citizens of the EEU countries can use internal passport to travel to Russia.

In case you need a Russian entry visa, please visit [the conference website](#) for more information.

MEDICAL CARE

Please take care of your medical insurance during the conference. We remind you that in order to attend the conference (events with more than 100 participants), you will need a QR-code or a certificate of vaccination, past disease or a PCR test valid for two days. Such rules also apply to some catering establishments (cafes, restaurants, bars).

Also, health insurance from an insurance company that provides an international insurance policy program is required during field trips. Novosibirsk and Gorno-Altai cities should be included in your health insurance. Please don't forget your specific medicine if you could need one during the stay in Novosibirsk or in the course of the field trip.

EXHIBITION AND SPONSORSHIP OPPORTUNITIES

The X International Siberian Conference provides a unique opportunity to distribute information about your company among the early career researchers from different regions of the world. The Exhibition will be held during the Conference and will be located at the Institute Hall. Also, it is possible to place information into the participant packages. If you are interested in exhibiting or sponsorship in the X International Siberian Early Career GeoScientists Conference you are advised to contact us as soon as possible. Contact person – Ksenia Zatolokina, email: sibconf2022@gmail.com. The email subject should be "Sponsorship".

ACCOMMODATION

Accommodation during the conference will be available in the hostels and hotels located in Akademgorodok. Reporting documents for business travelers are provided by all of them. **The participants should book the apartments by themselves.**

Please find the price information below (relevant for February 2022):

Hotels	Single room	Twin room	Junior Suite
Gold Valley Hotel 10 Il'icha str. (10-15 min walk)	2400 RUB 1950 RUB ¹	3500 RUB 2800 RUB ¹	4600 RUB 3680 RUB ¹
4* Park Wood Hotel 6/2 Arbuzova str. (30 min on public transport)	4120 RUB ²	4595 RUB (1 person) ² 5485 RUB (2 persons) ²	7445 RUB (1 person) ² 8335 RUB (2 persons) ²
Academ Inn 6 Ivanova str. (25 min on public transport)	from 1900 RUB	from 2500 RUB	-
NSU hotel ³ 1 Pirogova str. (10-15 min walk)	from 1600 RUB	-	3170 RUB

Apartments	
Sibhotel 10 Arbuzova str. (30 min on public transport)	from 3500 RUB
Welcome 29 Tsvetnoy passage (10-15 min walk)	from 2800 RUB

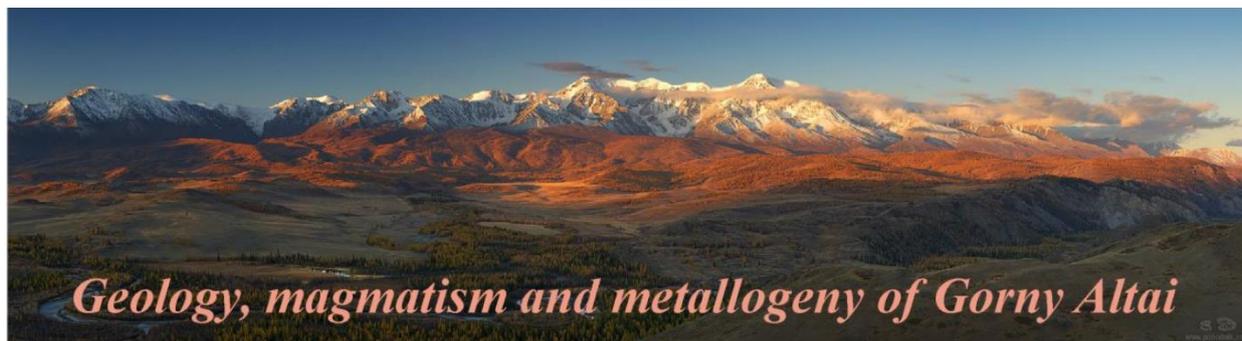

Hostels	Bed	Twin room
Teddy bear 12 Raz'ezdnyaya str. (25 min on public transport)	from 700 RUB	-
Pukh 21 Rossiyskaya str. (25 min on public transport)	from 600 RUB	from 1300 RUB

1 – special preferential prices for business travelers of the RAS and conference participants (booking via the conference organizing committee) are indicated

2 – the prices for the special package of services provided by the hotel for participants of conferences held on the territory of Akademgorodok are indicated, including accommodation at the hotel with a 5% discount, Buffet Breakfast, 5% discount for dinner at the ROMANOV restaurant, free transfer to the place the conference, the possibility of early check-in or late check-out until 16:00 (with additional coordination). For more details please visit hotel's website: <http://parkwoodhotel.ru/special-offers/conferenci/>

3 – booking of rooms in the NSU hotel is available through the organizing committee of the conference (sarygool@igm.nsc.ru). **Accommodation is possible only for citizens of the Russian Federation.**

FIELD TRIPS

Field Trip: Geology, magmatism and metallogeny of Gorny Altai

Leaders: Pavel Kotler, Anna Kulikova

Technical Managers: Evgeniy Mikheev

Date: 18-24 June 2022

Cost: 25000 RUB (about 290 EUR or 330 USD) including transportation, accommodation (hotels and tourist camping), meals, field guidebook in English, logistical support. The final cost may be changed depending upon number of participants.

Max/Min number of participants: 25/15

General Information:

The field excursion includes field observations of the main and easily accessible geological objects in Altai Mountains. The program of excursion includes:

- 1) Study of sedimentary, metamorphic and magmatic complexes illustrating the evolution of the geological structure of the Gorny Altai in Early Paleozoic (oceanic and island-arc stage), Middle Paleozoic (active continental margin stage) and Late Paleozoic – Mesozoic (intraplate stage);
- 2) Visit the gold, mercury and polymetallic deposits in the Gorny Altai;
- 3) Familiarization with Cenozoic landforms and complexes illustrating the latest tectonic activity of the Altai Mountains.

During the trip we will also enjoy beautiful views of the Altai Mountains.

Expected weather conditions: Sunny, small chance of rain. It may be hot during the day (up to 30°C) but cold during the night (+5 ÷ +10°C). Windy weather and sudden weather changes are available. You must have warm clothes.

For the participation in this field trip, tick the field “Field trip to Gorny Altai” at your [Abstract submission form](#). Field excursion fee should be paid by bank transfer not later than 20th April 2022 (Upon receipt of your registration, we will send you payment details)

Field Trip: Shallow geophysical surveying in the IPGG SB RAS observatory

Technical Manager: Ilya Shaparenko, Denis Fadeev, Anton Lekhnovich

Date: 18 June 2022

Cost: 2000 RUB (about 28 EUR or 31 USD) including transportation, meals, logistical support. The final cost may be changed depending upon number of participants.

Max./Min. number of participants: 20/10

General Information:

The field geophysical excursion is aimed at young geoscientists wishing to get acquainted closer with diverse geophysical techniques and take direct part in state-of-the-art equipment measurements. A presumable set of methods and tools includes electrical resistivity tomography (ERT) and electromagnetic sounding (scanner). We plan to visit a geophysical observatory in IPGG electromagnetic polygon in the neighborhood of Akademgorodok. Besides, the field excursion affords a unique opportunity for sharing experiences, informal socializing and making new acquaintances.

For the participation in this field trip, tick the field “Geophysical field trip” at your [Abstract submission form](#). Field excursion fee should be paid by bank transfer not later than 20th April 2022 (Upon receipt of your registration, we will send you payment details)

LOOKING FORWARD TO SEEING YOU IN THE NOVOSIBIRSK SCIENTIFIC CENTER!
